# ***Private Activity Bonds for Local Officials***

This class is designed for local officials who want to learn how to best utilize Private Activity Bond financing to benefit their communities.

Did you know that this year, 43 cities & counties received direct allocations of Private Activity Bond authority worth almost \$182 million? And that last year, out of the \$169 million given to local governments, \$46.8 million was returned to the Statewide Balance? Make sure that your community is taking full advantage of this valuable resource!

For local governments that do not receive direct allocation of PABs, did you know that you can apply for it from the Statewide Balance through Colorado's Department of Local Affairs? Come learn about the potential projects and programs that you could provide to your community!

Presenters will include experts in Private Activity Bonds from Colorado's Department of Local Affairs, Division of Housing; the Colorado Housing and Finance Authority; Metro Mayor's Caucus (in Thornton) and El Paso County Economic Development (in Colorado Springs). Best of all, there will be ample time to get your specific questions answered in breakout sessions with the presenters.
